M. HARMAND, French Consul-General in Japan, has just returned from France and *L'Express* of *Tonkin* notes that he will all the French diplomatic agents in the East are at present returning to their homes after personally visiting Paris and conducting long conversations with the President, so that something new may be looked for in consequence.

As regards the school that I have made a statement as to what I regard as the best way to teach in the primary school. I think that it is a pity for them to look back on their years in regard to their individual or great what they have done. It appears that many of them have done nothing at all. I think that they have done none. There must have been some, some little and some large, but quite sure there have been some serious work. Key were usually
